RG104 E-1 Box 157

PROPRIETOR,
JOSEPH WHARTON,
Post Office Address,
BOX 1332, *PHILADELPHIA.*

AMERICAN NICKEL WORKS,

Camden, N. J., June 21 1865

Hon D M Dox Supt U S Mint

Dear Sir

I have your order to deliver 5 c ors in bronze blanks and note Director Kinsalls' suggestion that delivery should begin after July 15th. As that date falls on Monday it seems probable that the instruction may be to start coming on that day, and in the absence of further instructions I shall therefore arrange to make the first delivery on July 15th. In order to provide against accidents I propose to send more than your usual daily consumption for a few days at first, so that you may have a comfortable stock in hand

I shall esp. to remark that the gumming of the dies to which their lately called my attention may result from your having used impure alcohol which contained gummy matter in solution Wood alcohol is especially liable to this

Yours truly Joseph Wharton

NARA RG104, Entry 1, Box 157

American Nickel Works,
Camden, N.J.,
June 21, 1889

Hon. D.M. Fox, Supt. U.S. Mint

Dear Sir

I have your order to deliver 50,000 of bronze blanks and note Director Kimball's suggestion that delivery should begin after July 15th. As that date falls on Monday it remains probable that the intention may be to start coining on that day, and in the observance of further instructions I shall therefor arrange to make the first delivery on July 15th. In order to provide against accidents I propose to send more than your usual daily consumption for a few days at first, to that you may have a comfortable stock in hand.

The Saville esq: for remark that the gumming of the dies to which we struck lately called my attention may result from your having used inferior alcohol which contained gummy matter in solution. Wood alcohol is especially liable to this.

Yours truly,
Joseph Wharton
